01

WELCOME TO

HATRUS EARTHWORKS LIMITED

INTRODUCTION

Hatrus Earthworks Limited is a proudly Zambian company specializing in earthmoving equipment leasing, construction services, and borehole drilling solutions. The company is committed to delivering reliable, efficient, and high-quality services that support infrastructure development, mining activities, agriculture, and community water projects across Zambia.

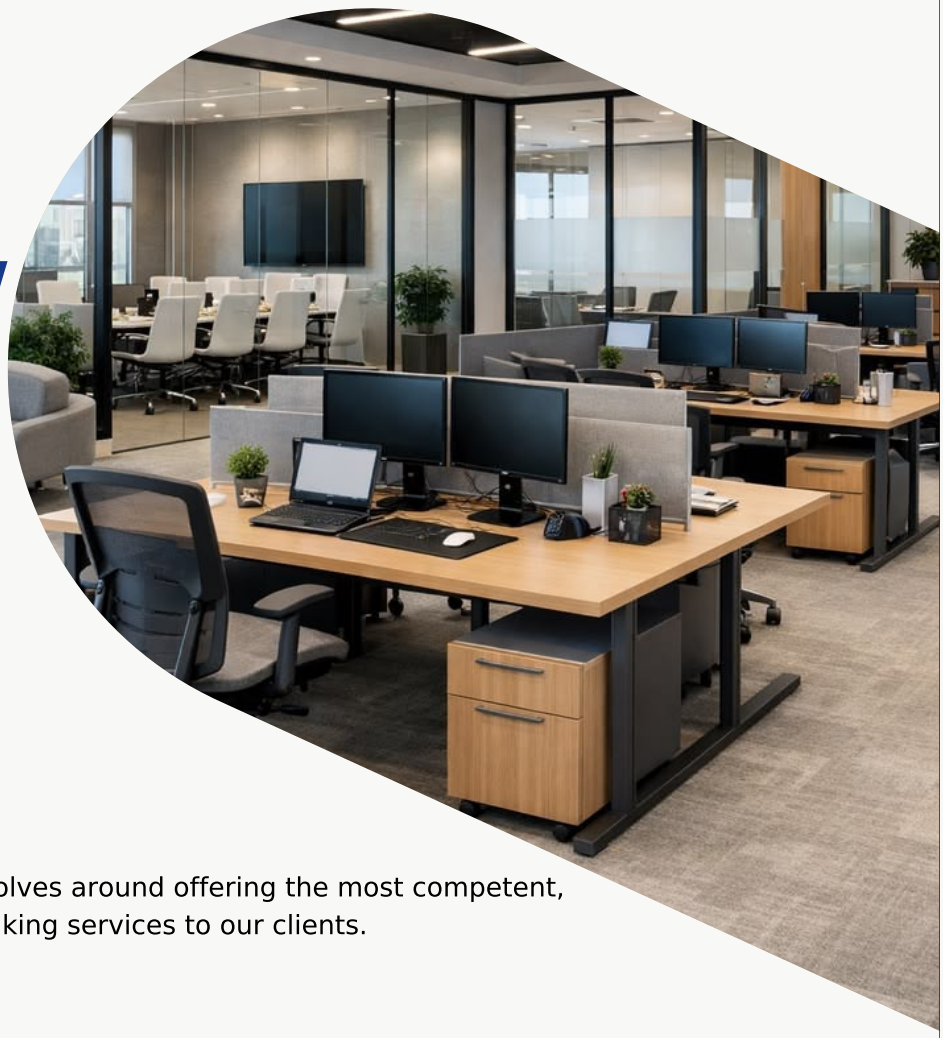

With a strong focus on professionalism, safety, and client satisfaction, Hatrus Earthworks Limited works with both private and public sector clients, providing dependable equipment and skilled expertise to ensure projects are completed efficiently and within schedule.

We are supported by an integrated quality management system that underpins every aspect of our operation by strategically positioning quality management at the heart of our operations. Expert engineering has bound together the full value chain of our infrastructure company, embodying the concept of a triple bottom line management culture, which is central to reinforcing sustainability and delivering a quality outcome for all stakeholders in Zambia and beyond.

HATRUS EARTHWORKS

02

THE COMPANY

OUR PHILOSOPHY

Our corporate philosophy revolves around offering the most competent, personalised and forward-thinking services to our clients.

OUR VISION

To become the leading construction firm, while delivering projects that consistently exceed international standards and provide exceptional customer satisfaction. To be a leading construction company in the global market. To become the customers' most preferred choice by attaining excellence in quality and timely completed value-added projects.

OUR MISSION

To provide reliable earthworks, construction, and drilling services through professional expertise, modern equipment, and a commitment to quality and safety.

OUR OBJECTIVE

Our objective is to assist clients with various implementations of their projects, and we have confidence in our ability to generate consensus and commitment necessary to succeed. We are prepared to stand behind our recommendations to assist our clients with obtaining appropriate approvals to proceed.

HATRUS EARTHWORKS

03

OUR VALUES

Integrity

Honor all commitments to our clients, employees and shareholders while conducting business with unwavering high standards of honesty, trust, professionalism and ethical behavior.

Quality

Put the interests of our clients first and be dedicated to providing an individualized approach.

Teamwork

Work as one cohesive team from the smallest unit to the Board of Directors while developing and retaining leaders who continually raise the bar, provide direction, remove barriers and empower people to successfully achieve goals. We are dedicated to maintaining a caring and supportive work environment that fosters a sharing of ideas.

Growth & Profitability

Dedicated to continuous innovation and pursuit of new ideas and performance, which drive superior results.

Safety

Our employees and the public is everyone's responsibility. We plan safety into every aspect of our work and do not deviate from that plan.

Transparency

Our actions must match our words. Each day we must strive to earn our reputation rather than simply manage it. To that end, we must operate in a manner which our integrity and values cannot be questioned.

04

OUR SERVICES

We have adopted a hands-on approach in all our dealings with clients, with our primary focus on building long-term relationships built on quality and service excellence. We have a competent, dynamic and passionate team of experts whom we deploy to meet customer requirements. We offer a broad spectrum of services.

07

SAFETY, HEALTH & ENVIROMENT

We are fully committed to improving health, safety and environmental performance across all areas of our business in accordance with ISO 14001 and OHSAS 18001. We believe that everyone involved in any project should be able to go home safely at the end of the day to his or her family and friends. This is why safety is taken very seriously. We have adopted a zero injury policy.

This accomplishment is achieved by carefully pre-planning all safety requirements and training needs. At the same time, we lead and require the same from our subcontractors as we continue to monitor and review the safety needs for any project, including pre-task planning regarding job hazard analysis. Our construction and supplies operation is proactive in our focus on job site safety. Our superintendent along with our safety director will oversee safety programs and training on your site. All on-site personnel will be held accountable for job site safety.

HATRUS EARTHWORKS

07

CERTIFICATIONS & MEMBERSHIPS

We have a management system that is certified to relevant international and Zambian standards.

CONCLUSION

Our priority is our clients and all potential clients. We have what it takes to delight the customer and strive to exceed customer needs. We are committed to Quality, Efficiency and Time Management.
